## **Bullzi Security Expands Global Reach**

*Altamonte Springs, Florida, November 9, 2010* – Bullzi Security Inc. (BLLZ.pk), a leading information security and education provider expands its global reach.

According to Michael Welch, co-founder and president of Bullzi Security, “We are continuing to expand our global reach for our security education products. Over the past two years, Bullzi Security has offered translated versions of its Information Security Awareness Course in a number of countries, including China, Japan, Holland, Canada (French), as well as several countries in South America. Additionally, our Identity Theft Course, which has been used by ADP employees worldwide, has translated versions for China, Japan, Korea, Spain, Portugal, Brazil, France, Canada (French), Germany, Holland, Denmark, and Italy.”

Mr. Welch went on to say, “Through two new partnerships, Bullzi Security is now expanding into new areas of the world. Through our partnership with SecuSolutions Ltd., which has offices in Calgary and Asia, Bullzi Security will be offering security portal and education services in Malaysia. Bullzi recently teamed up with SecuSolutions to provide a comprehensive, mid-six figure proposal for a new security portal/education solution for the Malaysian government. Bullzi Security has also teamed with Paladion, a worldwide leader in security governance headquartered in India, to provide Information Security Education solutions to South Africa.”

Mr. Welch closed by saying, “Most other countries have similar compliance and security education needs as in the United States. We hope to fulfill these needs as we expand to new global markets. In order to bring our security education products to new markets, it's simply a matter of applying the cultural differences while translating the content text. We team with local translators and narrators to provide culturally acceptable, professional quality education solutions no matter where we go.”

***Bullzi Security is Strong, Stable and Secure!***
